

THE GRADUATE

Life has its hot and cold days,
stormy and windy days,
clear and calm days.

With patience and perseverance
you will do well no matter what the weather.

Work hard, but every opportunity you get
take time to feel the warmth of sunshine,
breathe the fragrance of wild flowers and country air,
touch the softness of life as you pet a rabbit or cat.
Smile and still yet, play as much as you can.

While climbing the mountain of life
grasp sturdy limbs and
place your feet on firm ledges.

Someday, surprisingly you'll find
that you've grown wings of wisdom.
As you soar like an eagle,
take time to encourage others as they climb.
Take time to pray for those who never will fly;
for they did not climb their mountain.

Sounds so serious, that is true.
Just thinking and wishing for you
all the happiness your soul is due.

Congratulations on your Graduation!

Let your light shine.....

“You are the light of the world. A city on a hill cannot be hidden. Neither do people light a lamp and put it under a bowl. Instead they put it on its stand, and it gives light to everyone in the house.”
In the same way, let your light shine before men, that they may see your good deeds and praise your Father in Heaven. **Matthew 5: 14-17**
